Make a phonemic (broad) transcription of the following passage:

1. Miss Jones is coming to lunch tomorrow. What am I to give her to eat?
2. What does she like?
3. That's not the question, really. She has all these dreadful allergies.
4. So I'm terrified of giving her something that'll bring her out in spots.
5. What can she eat?
6. Well, I imagine steak doesn't disagree with her.
7. But I believe she comes out in a rash if she touches onions.
8. For goodness sake! Ring up her house and ask them.
